Well, I heard the news, get it down, get it down in black
and white

Sensation fills the headlines, Coast To Coast

And with a single step, you make the move

Standing face to face (face to face) face to face (face
to face)

And when you know there's nothing left to lose (left to
lose)

You got to make the choice (make the choice) makes
the choice

Oooh...You've gotten shot down, shot down, shot down

Oooh...And you're shot down, shot down, shot down

Gone for answers there, the assassin eyes can see the
waste

Inside the criminal mind, behind the open doors and
empty space

Mmmm, you're shaking hands, you hold the line, (you
hold the line)

And you hold the line, (you hold the line)

You hold the line, (you hold the line)

And any way you turn, you're still the same (you're still
the same)

You know you've got to run (You've got to run)

You've got to run (You've got to run)

Oooh...And now I'm shot down, shot down, shot down

Oooh...And you're shot down, shot down, shot down

And you're shot down, shot down, shot down...

And you're shot down, shot down, shot down...

And you're shot down, shot down, shot down...

And you're shot down, shot down, shot down...
