Mirror, mirror,  
Can you tell me what is going on?  
Facing darkness, facing sadness  
I walk in the unknown  
Surrounded by pawns and fools  
Thinking they are cool  
They're moving along  
The will of their master  
Help me! It's a disaster

Liar, liar,  
Why am I even listening to you?  
Your speech filled with emptiness  
I'm trapped in the unknown  
Far from a place called wrong  
A place I'll never belong  
I know what I have to do  
It's to remain forever strong  
I chose to walk alone...

I follow my own way  
For the world is blind  
The life I want to live  
Is the reason I fight  
Call me what you will  
Strong and bold I am still  
I reached victory... At last I am free

[Solo: Vincent]

All you need in life  
To become what you want to be  
It's to put the sadness far behind  
And seek your destiny  
Open up the gates of madness  
To let the demons free  
What's the price of freedom for us?  
Please let me be, what I want to be  
Until the end of time

[Chorus]

[Solo: Jay]

Sunlight arises  
And I feel no longer pain  
The pieces in my mind together again  
There is a way I may win the fight!

[Chorus]
