I don't know why it is you scare me  
I don't know why I feel afraid  
When you're around I feel uncertain  
And lose sight of the plans I made

You've got the nerve to be demanding  
When you have nothing to begin  
And though you say your door is never  
Open to the world  
I envy those who you let in

Little girl lost  
Little girl lost  
Little girl lost  
Lost little girl

The boys in town could do without you  
Your mother's not sure who you are  
And in the darkness I will hold you  
To your word  
The only sound a passing car

Little girl lost  
Little girl lost  
Little girl lost  
Lost little girl

Little girl lost  
Little girl lost  
Little girl lost  
Lost little girl

Little girl

When you run for shelter  
You don't feel the pain  
You don't agree with all the good things  
As they are around you

I believe today may be  
The first time I've

Regarded you  
With more and more  
Passing admiration.

Little girl lost  
Little girl lost  
Little girl lost  
Lost little girl
