Enter my realm as I crawled into yours  
You can never be free as long as I live  
Joy and madness entwined by sorrow  
Eternal pleasure until tomorrow.

Once I am in, there's no coming back,  
In your blood, in your head, can you feel the attack?  
Show me no mercy and shoot me the pain  
Consume me to death as I'm going insane

[Chorus:]  
It took your life  
Forever own your soul  
Now, free your mind  
Leave this pain behind

I'll forgive me the deeds  
I'll forgive you the fate  
You gave me what you said  
You would then took everything from me  
Fake happiness and endless darkness  
Day after day, I regret that we met  
You may seek what you please  
Torment me you will cease  
When there are no more signs of temptation

[Chorus x2:]  
It took your life  
Forever own your soul  
Now, free your mind  
Leave this pain behind
