We're getting nowhere fast  
We're living in the past  
And I don't understand why we're still here  
Seems we paid the price  
We wasted half our lives  
And I don't understand why we're still here  
Oh Lord please give me a sign

What are we waiting for  
Seems like it's been so long  
We search for answers with our hands up in the air  
And I know it's true  
That someday I will find you  
But I think we're running out of time  
Oh Lord please give me a sign

We've turned up every stone  
Searching for our souls  
And I don't understand why we're still here  
The choice of wrong and right  
The never ending fight  
And I don't understand why we're still here  
Oh Lord please give me a sign

What are we waiting for  
Seems like it's been so long  
We search for answers with our hands up in the air  
And I know it's true  
That someday I will find you  
But I think we're running out of time  
Oh Lord please give me a sign

Lately I've been feeling kind of lonely  
Feeling like I'm on my own  
Because I know, I know I'm lost without you  
I know we're lost without you

What are we waiting for  
Seems like it's been so long  
We search for answers with our hands up in the air  
I know that we'll survive

We'll make it through the night  
We'll keep on moving because I know we're almost  
there

And I know it's true  
That someday I will find you  
But I think we're running out of time  
Oh Lord please give me a sign
