If I can somehow take back all these lies
Finally put down this disguise
Get you back, back where you belong
If I can take back all the shit I've done
Make you see that you're the one
Started out so right but went so wrong
Tell me baby, how did it go so wrong?

Please don't ever go away, no matter what I say
You've got to know how much I need you
Please don't let it go to waste, all the memories we
made
Cuz they wont mean a thing, if you're not here with me

Do you remember how we used to talk
About running away just to get lost
Wish that you were here with me tonight
Tell me baby, how to make this right?

Please don't ever go away, no matter what I say

You've got to know how much I need you
Please don't let it go to waste, all the memories we
made
Cuz they wont mean a thing, if you're not here with me

If I could lay you on my bed
If I could hold you once again
I'd never let you go
Take your time and do what is right,
Just know that I'll be waiting

Please don't ever go away, no matter what i say
You've got to know how much i need you
Please don't let it go to waste, all the memories we
made
Cuz they wont mean a thing, if you're not here with me

You're not here with me

... I want you here with me
