Look who's askin'
For another round
When you gonna quit?
Thought you'd owe me
When you came to town
But I've been born again

You should've killed me faster
You should've watched me die
'Cos now I'm back and I'm on the rise, yeah

If I suffer from defeat
Know I'll come back stronger
But you will suffer me this time

I won't back down
Tonight I'll take what's mine
I won't back down
Revenge is what I'll find
Now I've got you where I want you
Think it's time we made our move
And you better think it through
'cos you know I won't back down

You've been looking
For a better way
You're never gonna win
And crown has fallen
From the devil's mane
And that was your last sin

You should've killed me faster
You should've watched me die
'Cos now I'm back and I'm on the rise, yeah

If I suffer from defeat
Know I'll come back stronger
But you will suffer me this time

I won't back down
Tonight I'll take what's mine

I won't back down
Revenge is what I'll find
Now I've got you where I want you
Think it's time we made our move
And you better think it through
'cos you know I won't back down

You know I won't back down
I'm gonna take you out
You know I won't back down
I'm gonna take you

If I suffer from defeat
Know I'll come back stronger
But you will suffer me this time

I won't back down
Tonight I'll take what's mine
I won't back down
Revenge is what I'll find
Now I've got you where I want you
Think it's time we made our move
And you better think it through
'cos you know I won't back down
