Why, where did we go wrong  
Why did it take so long  
I can't help but feel  
The pressure building up inside  
It came down from up high  
Always have to fight  
Don't know why I keep on looking nothing's doing  
Don't know why I keep on losing

Take a moment and shut the door  
So I can rest my  
Take a moment and shut the door  
So I can rest my soul  
So I can rest my soul

Time, time to let it close  
Time to hit the road  
I found my peace and packed my bags  
It's time to end this ride  
The pain has left my mind  
It's nowhere in my sight  
Don't know why I keep on looking nothing's doing  
Don't know why but I'm not losing

Take a moment and shut the door  
So I can rest my  
Take a moment and shut the door  
So I can rest my soul  
So I can rest my soul  
So I can rest my soul

Time, time to let it close  
Time to hit the  
Take a moment and shut the door  
So I can rest my  
Take a moment and shut the door  
So I can rest my soul  
So I can rest my soul

So I can rest my  
So I can rest my soul
