I've been roaming these streets for days
I fight these feelings alone
I haven't seen anyone around me
But I know that I'll keep moving along

The sun is tracking down and I'm under attack
I just can't break from the heat
This wasteland's got me and there's nowhere to hide
And I don't know if I'll get out alive

You'll find me stranded
And falling apart
You'll find me stranded
And lost from the start
Feels like I'm left for dead and I don't have a clue
And if I don't quite make it out soon
You'll find me stranded

This desert prison is where I stay
Shackled down to the bone
I know the feeling of being bound
But I know that I keep moving along

The blood is flowing, eyes are going black
I'm half way beaten to death
This wasteland's got me and there's nowhere to hide
And I don't know if I'll get out alive

You'll find me stranded
And falling apart
You'll find me stranded
And lost from the start
Feels like I'm left for dead and I don't have a clue
And if I don't quite make it out soon
You'll find me stranded

I'll be standing when the dust has settled
And get the demons off my back
I will find a new horizon
Somewhere I don't go mad
I've been down I've been bruised I've been broken

And if I don't get up this time

You'll find me stranded

And falling apart

You'll find me stranded

And lost from the start

Feels like I'm left for dead and I don't have a clue

And if I don't quite make it out soon

You'll find me stranded

And falling apart

You'll find me stranded

And lost from the start

Feels like I'm left for dead and I don't have a clue

And if I don't make it out soon

You'll find me stranded
