This Morning

Rising again why?
To meet the dawn of the day
How did my life come to this now
An empty future filled with memories
Face in the dirt again
Another day just eats away at me
Because i don't belong here
No, i don't belong here

It just eats away
And i feel as it's tearing at me
Don't tell me why
I should try
When i know your not listening
You don't hear me
So why should i try?
When it just eats away
Tell me why i should try tonight

Was going to kill myself today
But instead ive found a better way
Through you
This can't last forever
If i killed myself today
Then i wont find a better way
And i wont.
This can't last forever, no

It just eats away
And i feel as it's tearing at me
Don't tell me why
I should try
When i know your not listening
You don't hear me
So why should i try?
When it just eats away
Tell me why i should try tonight
You'll hear me now

Shut up you don't know a fucking thing
About what i have seen
Another day will pass
I put this knife into my chest
Why!?

I should try
When i know your not listening
You don't hear me
So why should i try?
When it just eats away
Tell me why i should try
When i know your not listening
You don't hear me
So why should i try tonight
