(McNabb)

I see myself and where I'm standing in the scheme of things
I'm not afraid to say I might have lost my way
One thing I pray
These roots I'm growing won't be pulled up with the first ill wind
The future's riddled with uncertainty
I know that I'll be

Chorus: Walking with a mountain when I'm with you
Turning stones the downside up
You don't know what you'll find
Walking with a mountain when I'm with you
Goin' through our changes
Seems a strong love never dies
(Strong love never dies)

Through my windows, down my street
The boys are meeting pretty girls
My leaving early doesn't mean I've found
A better place to go

Sometimes the finest things may fall short of their guarantee
The future's riddled with uncertainty
I know that I'll be

Chorus:

Don't look down I'm here beside you
Things don't look the way they used to
Makes no difference where you've been
Or where you plan to go...

Walking with a mountain when I'm with you
