He is feeling a little bit tired of all this disguises he  
wears to conceal the truth  
But now he truly realizes the fully compromise he took  
hand in hand with him

Crawl down and take a fall  
It's the fear of what's to come  
Maybe he doesn't know it

Sometimes you scream, sometimes you pray  
Sometimes you pray, sometimes you feel like sorrow is  
your only choice my love  
Sometimes you scream, sometimes you pray  
Sometimes you pray, sometimes you feel like sorrow  
and pain crucified you love

There was this little child that used to crawl in the dark  
and still had fun  
While he listened hours and hours to his midnight radio  
and his favourite rock n roll bands

So long he's waited, he feels the wind blows him to his  
special fate  
Hold on does he see?  
Watch him does he believe, behind this walls there's a  
whole world to take

And when you wake every morning breakes your heart  
-sorrow and pain for you my love-  
And when you wake every morning breakes your heart  
-sorrow and pain for you my love-

My love, my love, my love  
As the pain crucifies you love...
