Remember I once dated you...
Remember I once dated you...

Now you're awake
Are you pleased with your pain?
And I'm watching, smiling
With hatred comes hatred and your lips now taste it my
coldest kiss

(And I'd bet my life on this)

And I'd bet my life on this

You're crying for help, you try to reach out for my hand,
but I won't be there,
'Cause I don't care and I'm leaving you to drown in
tears

Recall your fears, now they become tears, remember I
once needed you
With hatred comes hatred and your lips now taste it my
coldest kiss

(And I'd bet my life on this)

And I'd bet my life on this

You're crying for help, you try to reach out for my hand,
but I won't be there,
'Cause I don't care and I'm leaving you to drown in
tears

Remember I once dated you...
Remember I once dated you...

You're crying for help, you try to reach out for my hand
You're crying for help, you try to reach out for my hand

You're crying for help, you try to reach out for my hand,
but I won't be there,
'Cause I don't care and I'm leaving you to drown in

tears

You're crying for help, you try to reach out for my hand,
but I won't be there,
'Cause I don't care and I'm leaving you to drown in
tears
