Adrenaline, my heart was pumping
Now it's crucial, blood starts to burn
I took the bait, my hands are bleeding
Now it's too late, when shall we learn...
My eyes are tired, can't get no sleep
It's been a while now, let's activate
They'll soon be here now, they're getting closer
If I could reach it, now it's too late
We built a flagship on a lie
We built our honor on a lie
We built our pride on a lie
We built this world on a lie
We built a flagship on a lie
We built our honor on a lie
We built this world on a lie
Now we'll repair it on a lie
Too late.....
My eyes are tired, can't get no sleep
It's been a while now, let's activate
They'll soon be here now, they're getting closer
If I could reach it, now it's too late
Adrenaline, my heart was pumping
Now it's crucial, blood starts to burn
I took the bait, my hands are bleeding
Now it's too late, when shall we learn...
We built a flagship on a lie
We built our honor on a lie
We built our pride on a lie
We built this world on a lie
We built a flagship on a lie
We built our honor on a lie
We built this world on a lie
Now we'll repair it on a lie
Too late.....
I won't expect that you understand
But one day you have to make a choice
The shade of red will be unsaid
Amber carvings in stone
We built a flagship on a lie
We built our honor on a lie
We built our pride on a lie
We built this world on a lie

We built a flagship on a lie
We built our honor on a lie
We built this world on a lie
Now we'll repair it on a lie
Too late
