### "Walking Naked"

I got no clothes from my head to my feet  
Passersby stare at me from the street  
I found some money for a mighty feast  
Yummy yummy yummy have my face to eat  
I'm walking naked through my home

This past fall I bought a new set of eyes  
Yellow tulips took me by surprise  
What they wanted was my youngest son  
What they took was the breath from my lungs  
I'm walking naked through my home

#### CHORUS:

Walking naked through my home  
Walking naked through my home  
My secret thoughts are never alone  
Walking naked through my home

Never tell the children what they know anyway  
Never give for free when they're willing to pay  
Live as an insect set your brain on coast  
I may not be the best but I will be the most  
I'm walking naked through my home

I found the key to the looking glass land  
Where girls are an answer a relief for my hand  
Where sweet sounds are payment in exchange for the  
night  
Where my sadness is glowing softly under the lights  
I'm walking naked through my home

#### CHORUS

I'm walking naked through my home  
To my right is a puppy dog  
To my left is a cookie jar  
Over there is eternal angst  
And there by the fireplace forgotten dreams  
I'm walking naked through my home  
How can I be with you and still be so alone?  
I'm walking walking walking walking

## CHORUS
