(die bitch, fuckin die!)

ALL NIGHT

Find me robbin your jewels

Settin fires

Damaging, and breakin into schools

IN THE DARKNESS

Its much easier to be heartless

Break the window out the Lincoln

And screwdriver start this

Muggin people

Droppin on 'em from street lights

Stab 'em with garden tools,

Or beat 'em with pipes

So don't come out

Stay inside cozy and tucked

And if im breakin in

Ay old lady's gettin..

Fook'd!

ALL DAY

Car jacks get outta the van

As soon as they step out

I pop 'em anyway "BLAMMM!"

I rob liquor stores with a lil 22 hold

I know it's nothing but it's something

When it's butin at your nose

SUNNY DAYS

I hit up the beach with cleats on

And stomp the bitches in they ass

Tryina tan in they thongs

ALL DAY

See me fuckin hookers at truck stops

And then i kill 'em

Cause that's where my buck stops

ALL NIGHT

Im wicked and i got the power

Bloodsheds on the wall during the witching hour

IN THE DARKNESS

See me ride by an impala

Draggin some fuck ass by his foot and hear him holla

IN THE NIGHT TIME

I take what's rightfully mine

I run through emergency rooms and sever life lines

Fuck the limelight i'm the one i need to impress  
With a double dip swinging ax chop to your chest  
ALL DAY  
Im sellin coke laced joints to little kids  
I'm a clown in a milk truck handlin biz  
IN THE SUNSHINE  
I been known to take shots at the po  
Im in the bushes with the camouflage on and rifle  
scope  
ALL DAY  
I wicked  
I keep it horrifying  
Ax murdered some kid and his dad kite flying  
I knock the fuckin mail man out on the grass  
And burned holes in his face  
With the magnifying glass  
ALL NIGHT  
I fly like a vampire bat  
And murder people telling stories where the campe  
fires at  
BLAME IT ON THE MOONLIGHT OR BLAME IT ON THE  
BOOGIE  
I shot the mother fuckin sheriff and his deputy rookie  
WHEN it's DARK OUT  
I hit the streets in the shadows and grab yos, and  
BOOGIE THE WOOGIE  
And stab ho's  
Don't even give me a pound when you see this clown  
You gettin cut the fuck up  
And chopped the fuck down  
ALL DAY  
Catch me picnicking with the bitches in the park  
Right before i icepick 'em in the heart 24/7  
If it aint us it's somebody gettin bloody  
Wicked clowns aint the only ones nutty buddy  
CATCH ME, TOUNGE KISSIN  
A severed head  
Catch me burying another bitch dead  
Behind a shed  
It doesn't matter  
Night or day  
All around the clock  
VILOENT J AND SHAGGY  
CHOP, CHOP, CHOP, CHOP!  
YA GONNA DIE
