Yeah...

I mean I hear what you're saying, I mean
You got carried away in the moment
And I could forgive you
I could do that
I could do anything, if I want to

[1st Verse- Violent J]

I could buy you a Lexus truck with a white leather
interior
I could kill off some bears and dogs and shit just to
make you a fur coat
I could love you and treat you with class
And have babies falling all out your ass
But thinking about that...
I feel I'd rather kill you
('Cuz I got you in my car, and you ain't going nowhere
bitch, you're dead)

[Chorus x2- Violent J]

I'd rather cut that neck in half
I'd rather choke out that bitch-ass
I'd rather chop and never stop
Because you fucked my homies

[2nd Verse - Violent J]

I could take all the face paint off and get a real job
working for your dad
I would rather take a ten-pound axe and stick it in your
daddy's forehead
I could let you move into my house
You'd fuck the neighbor every time I'd go out
And wipe his nut on my pillow (oh)
But I think I'd rather kill you
('Cuz we parked all alone and it's real dark anyway,
hey)

[Chorus]

[3rd Verse]

I'm the one that killed your precious cat, and stuffed
him in your fucking

Mailbox

If I only hadn't cut off my hair, I'd choke you with all my
dreadlocks

When I scream at the moon every night (Heh heh!)

You should've known something just ain't right

'Cuz I'm gonna slap you

And the I'm going to kill you

('Cuz the moon told me to, and it's watching us right
now)

[Chorus]

[4th Verse]

I could go back to school instead and try to get my
diploma

I'd much rather bang your head on the wall, until you
fall into a coma

'Cuz I can't get you out of my head

I'd cut my head off but the I would be dead

And I ain't the only motherfucker that's dying!

So let's just die togetherrrrrrraaaaaagghhh!!!

[Chorus x4]

Ahhh!! Let's just die together

Ahhh, yeah!! Let's just die together

Me and you, I'll kill you but, can you explain?

Let's just die together

Wicked clown told you, I'm gonna kill you

And tonight we'll die together
