"In Yo Face"

In!
Yo!
FACE!

Mwahahahooohurhurhooraaaah! (Something special!)
Somet'in' special for you and yo face, biiiiiitch!
(Go get 'em boys!)
IN! YO! FACE!
Paaaah! (Somthin' special)
Exclusive!
For you!
Mwahahahahaha! (Something exclusive!)

I pop out the box, swing on a spring
Big Violent J with the axe out (SHING!)
Trouble we bring, a Juggalo thing
Wicked clown with the Boom Pow Bang!
IN YO FACE!

Smash through the glass as the fireworks blast
Shaggy the clown here to murder some ass
I be the strangler, known coast to coast
And I turn any thug into a ghost
IN YO FACE!

Some scream "Juggalo" only when it's convenient
And no they don't mean it, we sick of being lenient
Step yo ass back before the hatchet attacks
And ya catch a few hacks from the axe
IN YO FACE!

I crawl like a tarantula on my toes and thumbs
Born to the carnies, gypsies, and bums
I spit my raps in tongues over voodoo drums
Bitch, wicked shit this way comes
IN YO FACE!

For you!
Something special for you!
We got you covered, homie!

Something exclusive for you!
IN! YO! FACE!
For you!
Something special for you!
We got you covered, homie!
Something exclusive for you!
We got this!

I was fucking this slut up in her dirty ass
Threw the rubber out the window as we drove past
Funny thing, I see ya standing on the grass
And it fucking stuck to your mustache
IN YO FACE!

Bang to the pow, wang to the mouth
Boom go the wicked clowns, southwest down
From Pluto to Uranus we underground famous
For doom, and either way bass booms
IN YO FACE!

I shook the hand of Satan with a cross in my palm
Burnt all the flesh all the way up his arm
I wasn't scared, I was giddy to do it
Then I lopped his head off and threw it
IN YO FACE!

Insane Clown Posse, never gonna fade
Helped your ass get laid back in eighth grade
Many years passed, and we still top grade
Blowing up like a hand grenade
IN YO FACE!

For you!
Something special for you!
We got you covered, homie!
Something exclusive for you!
IN! YO! FACE!
For you!
Something special for you!
We got you covered, homie!
Something exclusive for you!
We got this!

Billy Bill, Jumpsteady, and Nate the Mack
Down to the end and never take it back
I'd die for the Hatchet, the Psychopathic Records boys
bumping
Wicked shit thumping
IN YO FACE!

They all wanna kill us but we already dead

And if they think we'll ever die, they're severely misled
Phonies out there posing as Juggalos
But see it as a demographic to push what-have-it
IN YO FACE!

Neden
If you ain't down with that, fuck off!
I like getting my dick sucked, jacked off, and salad
tossed
Ugly hoes, fine hoes, none go to waste
But for you, herpe-meth had anus
IN YO FACE!

Mike E. Clark, he make the street pound
Legz Diamond, all-around in surround sound
One fork up and the other one down
Fuckin throw another wicked clown
IN YO FACE!

For you!
Something special for you!
We got you covered, homie!
Something exclusive for you!
IN! YO! FACE!
For you!
Something special for you!
We got you covered, homie!
Something exclusive for you!
We got this!

For you!
For you!
For you!
We got this!
For you!
For you!
For you!
IN! YO! FACE!
