[Violent J And Shaggy 2 Dope:]

Always uninvited

fuck off

unrespected, sometimes he creeps other times he's  
expected

He hangs out in bad neighborhoods up at the park  
he will strike in broad day light but prefers the dark  
Three little kids caught inside a burning home  
he'll just sit there and wait for 'em  
leave 'em alone!

As sure as we're alive today and death is inevitable  
he's waitin' there watching through the eyes of a crow  
fo' sho'

I know

yo

[Violent J and Shaggy 2 Dope Chorus:]

Death is always at a shitty time

Don't bother trying to run and hide

Take his hand cross to the other side (Step to the other  
side)

[Violent J and Shaggy 2 Dope:]

Freeway intersections when thy bars close, he loves  
'em

Blew out traffic lights?

He hovers above em'

And he loves the motherfuck out of crackheads and  
heroin

rehab centers and caring mothers always scaring him  
Sharing them needles?

He encourages in raw sex?

They got him working his standing collecting soul  
checks

Then again

What?

Nine times out of ten, I wish he'd take me

Instead of some of these poor children we see

I'm sayin

Fo' real

What

[Violent J and Shaggy 2 Dope Chorus:]

Death is always at a shitty time No where to run

Don't bother trying to run and hide No where to hide

Take his hand cross to the other side  
Step to thy other side! (Step to the other side)  
[Violent J and Shaggy 2 Dope:]  
He remains nameless but we call him the Wraith  
He is thy 6th Jokers Card of thy Dark Carnival faith  
That's it, now your clock is ticking, every second counts  
and everything you do that rightous or wrong, it all  
amounts  
And whether you going to heaven or hell  
he doesn't care  
he's only here to give you the death touch  
and send you there  
Most people fear him  
because they don't understand  
than once he finally touches you with death eternity can  
begin  
That's what thy fuck I'm talkin' about  
Lotus  
What  
Mother fuck  
yea yeah  
Woop Woop  
Hoe  
[Violent J and Shaggy 2 Dope Chorus:]  
Death is always at a shitty time (No where to run)  
Don't bother trying to run and hide (No where to hide)  
Take his hand cross to the other side (nothing to fear)  
Step to the other side! (Step to the other side)
