Wasn't that long ago that I laid my eyes on you
My heart skipped a beat or two
Oh Oh Oh
Now you're just catching on what you're feeling is
love
Guess this means I'm the one
Oh oh oh oh
It's ok if you're afraid that's natural
But first off baby let me say
Don't be shy cus' I feel what you're feeling too so
It's all right I'll make the move and
Pretty soon you'll realize those are all just butterflies
So don't be shy Just put your hands on mine
Oh oh oh
Baby don't be shy
Oh oh oh
No Baby don't be
I know you're feeling so
Nothing sounds uncomfortable it's ok just let it go
Oh oh oh
Cus' there's a voice that's telling you get up and
try something new
That's the one that you should listen to
Oh oh oh oh
It's ok if you're afraid that's natural
But first off baby let me say I'm here for you so

Don't be shy cus' I feel what you're feeling too so
It's all right I'll make the move and
Pretty soon you'll realize those are all just butterflies
So don't be shy Just put your hands on mine
You can't use logic to justify what's in your soul
Oh oh oh
There are some things that u just can't fight
So let love fly
Don't be shy cus' I feel what you're feeling too so
It's all right I'll make the move and
Pretty soon you'll realize those are all just butterflies
So don't be shy Just put your hands on mine
Don't be shy cus' I feel what you're feeling too so
It's all right I'll make the move and
Pretty soon you'll realize those are all just butterflies

So don't be shy Just put your hands on mine
Don't be shy
Baby don't be shy
Don't be shy
Baby don't be shy
