A single conversation had my heart racing  
I can hardly get my mind off of you  
Stuck in the moment never knew that I would find  
Love so soon  
But every single girl has a shelf full of memory  
And anything like this quite yet  
Cause there always a posing Queen or a tiran King  
Or a Romeo and Juliet  
So how'd you make it so easy  
No one will ever believe me  
Falling in love with you  
So effortless  
What you give me  
Is something so amazing  
How you got my heart behaving  
Falling in love with you  
So effortless  
Effortless  
So So  
Effortless  
Now, there are oh so many sad songs  
Saying love is hard to find  
And it seems a whole lot of work  
And a stairway to heaven is  
WAY to hard to climb  
So how did you make it so easy  
No one ever will believe me  
Falling in love with you  
So effortless  
What you give me  
Is something so amazing

How you got my heart behaving  
Falling in love with you  
So effortless  
Effortless  
SO  
So effortless  
Oh oh oh oh oh  
Now I wish that I could find the words  
To tell you what she does  
Cause she made it so easy

Just for me to fall in love  
So tell me  
How did you make it so easy  
No one ever will believe me  
Falling in love with you  
So effortless  
What you give me is  
Something so amazing  
How you got my heart behaving  
Falling in love with you  
So Effortless  
Effortles  
So  
so effortless  
So  
so effortless  
So  
So effortless....
