One day you'll see  
Your cheating ways are gonna turn around  
on you.....

You are busted and you can't be trusted, baby  
Come on Come on, yeah yeah  
Come on Come on, ID  
Come on Come on, oh yay  
Come on Come on, yeah yeah  
Come on Come on, ID  
oh, oh, baby  
Last night I was feelin' low  
Cause of what I heard on the telephone  
You said you were stayin' home  
So, what was I to do? (What was I to do?)  
Is it cool if I come by  
But you said don't even try  
I can sense it in your voice  
You have things to hide  
What do you think you're doing,  
Playing these games on me  
Unfaithfull lady, you lost your chance with me

Busted, that's the end  
You're never gonna see my face again  
There's only one thing left for me to do  
And that's to break it up and call it quits with you.  
Busted, through and through  
Go and have your fun with somebody new  
I hope you'll understand what I'm saying to you  
You had your one chance now I'm done with you.

You left me in doubt  
So went to the club to check it out  
You said you were staying home  
But then I saw your face (Then I saw your face)  
But to my surprise  
I saw you get freaky with my own eyes  
I gave you such a stare  
But you didn't see me there  
What do you thing you're doing?  
Playin' these games on me

Unfaithfull lady, you lost your chance with me

Busted, that's the end  
You're never gonna see my face again  
There's only one thing left for me to do  
And that's to break it up and call it quits with you.  
Busted, through and through  
Go and have your fun with somebody new  
I hope you'll understand what I'm saying to you  
You had your one chance now I'm done with you.

You are busted and you can't be trusted,baby (repeat 4 times)

One day you'll see  
That real men don't approve of girls like you  
Your cheating ways are gonna turn around on you

Busted, that's the end  
You're never gonna see my face again  
There's only one thing left for me to do  
And that's to break it up and call it quits with you.  
Busted, through and through  
Go and have your fun with somebody new  
I hope you'll understand what I'm saying to you  
You had your one chance now I'm done with you.(Repeat 1x again)

You are busted and you can't be trusted,baby (repeat 4 times)
