"Merry Christmas To U All"

Visit "[Merry Christmas To U All](#)" on MotoLyrics.com

Santa Claus is coming
Bringing presents to the world
To every little heart
That still believes in the spirit of Christmas

Jingle bells are playing
Saying that they will lead us on the way to Christmas
day
Where we all shall come together as one

Merry Christmas to you all
And a happy new year made with love
Merry Christmas to you all
And a happy new year and god bless us all

Now let us celebrate this one day
With carols singing, children dreaming while they play
And the whole wide world is open and peaceful

Angels will be singing
Listen to the holy song
Just close your eyes
And sing along

Merry Christmas to you all
And a happy new year made with love
Merry Christmas to you all
And a happy new year and god bless us all

Snowflakes are falling softly
Touching you so gently
Wishing they will never end
From heaven sent
On Christmas day

Merry Christmas to you all
And a happy new year made with love
Merry Christmas to you all
And a happy new year and god bless us all
Oh god bless us all

Merry Christmas to you all (merry Christmas to you all)
And a happy New Year be with love (happy New Year,
ooh)
Merry Christmas to you all (oh yeah, to you all)
And a happy new year and god bless us all
(Happy new year, god bless us all)

Ho ho ho ho
Ho ho
Santa sing!

Ho ho ho ho
Ho ho ho
With a cold...

Ho ho ho ho
Ho ho
But a merry
Merry Christmas to you all
