Fear is no longer in time  
Fear is no longer hanging around  
You should capture my view  
Cause I don't want nothing else but you

You can treat me like you please  
Baby it's okay with me  
Leave me bleeding on the floor  
From my heart  
From my hearts core

Oh drive away my heart tonight  
Cause it is no longer mine  
Oh drive away my heart tonight  
Cause it's no longer mine

I wanna give you love  
I wanna show you love  
And so love will be my grave  
Love will be my grave

Oh drive away my heart tonight  
You see it is no longer mine  
Oh drive away my heart tonight  
Cause it's no longer mine

Oh drive away my heart tonight  
You see it is no longer mine  
Oh drive away my heart tonight  
Cause it's no longer mine

It's no longer mine

It's no longer, mine
