She's a little
Little town
Little town girl
With little town scars
Where her little heart burns
Cause nothing is clear in a bar full of flies
Where they serve the same
Bullshit and lies

Ref.
So she waited for someone
To just grab her hand
Saying darling I am patient
And I understand
Just look ahead
Not to the sides
Don't let your past
Block your view of the skies

She travelled to London
She flew off to Rome
But the town she left behind
Was still to be her home
She struggled with secrets
Wouldn't break down and cry
She knew there is hope
For those who dare try

Ref.
So she waited for someone
To just grab her hand
Saying darling I am patient
And I understand
Just look ahead
Not to the sides
Don't let your past
Block your view of the skies

Just look ahead
Not to the sides
Don't let your past
Block your view of the skies
