Why is it so hard for you to say I'm sorry
Why is it so hard for me to let you
We're only human

Why is it so hard for you to listen
You ask for answers you don't wanna know
So why go through the pain of showing interest
When you're the only one who needs to glow
It's only human

I look around and see the hate you're feeling
In everything that once got in your way
Still love is no excuse for walking backwards
That's your trip, and this just ain't my day

We look around for love and reassurance
For recognition in the daily things we do
You've been carrying a load that makes you lonely
That makes your dreams impossible for you

You've been carrying a load [x15]

I look away and deny what I can sense
The fear I feel when I see myself in you
Is only human
Is only human

Feel free to let me in
Feel the need to breathe again
Who were you when you were young?
Feel free to let me in
