And I wish I could pretend I'm not alone
And I wish I could defend everyone
I wish I could take you all in my arms
But ignorance is such a bliss
And we're all going to hell, Yeah
Sing with me, sing with me now
We are all going to hell, Yeah
Sing with me, sing with me now
We are all going to hell, Yeah
Sing with me, sing with me, sing with me now
Just be glad someone bothers to tell you
And I wish you all dared to walk up to me
And I wish you had the courage, the bright eyes to see
But I realized you're not the one to save me
And expectation is such a drag
And I wish you had the bright eyes to see
But I realized you're not the one for me
And expectation is such a drag
And we're all going to hell, Yeah
Sing with me, sing with me now
We are all going to hell, Yeah
Sing with me, sing with me now
We are all going to hell, Yeah
Sing with me, sing with me now
Just be glad someone bothers to tell you
And I wish you'd just walk up to me
And I wish you had the courage, the bright eyes to see
And I wish I could pretend I'm not alone
And I wish I could defend everyone
And we're all going to hell, Yeah
Sing with me, sing with me now
We are all going to hell, Yeah
Sing with me, sing with me now
We are all going to hell, Yeah
Sing with me, sing with me, sing with me now
Just be glad someone bothers to tell you
And we're all going to hell, Yeah
We are all going to hell, Yeah
We are all going to hell, Yeah
We are all going to hell
