[jazzie pha]

Can you show it to me?

Uh, get this, don't stop

I'm not finished yet

I want another dance, I betchu get wet

Like this, you in the danger zone

Not bashin' wood, I'm from afar, it's on again

And I'm back in the cut, ideal is the cut

Anytime I come back, let it phase uncut

[ideal]

Into the spot to see this broad I know

'cause when she does her thing, it's outta control

Baby, got it locked, she's got a certain style

I'm going back for more

She drives me wild, I gotta see

Sexy dancer

Got a nigga spending all of that paper

Drive me crazy when you're moving your body

Can you break it down just for me

Sexy dancer

Got a nigga spending all of that paper

Drive me crazy when you're moving your body

Can ya break it down just for me

Shorty's got the shit

I'm trying to let you know

Balla's from all around

Come to see her flow

Wish I had it home

But I go out to see

Talk about a playa's ball

That's what I need, oh sexy dancer

Sexy

Can you make it last for me

Come on, come on baby, lemme see

Show me

You can really work that thing

Baby, can you work it just for me

Sexy dancer
Got a nigga spending all of that paper
Drive me crazy when you're moving your body
Can you break it down just for me

Sexy dancer
Got a nigga spending all of that paper
Drive me crazy when you're moving your body
Can ya break it down just for me

Sexy dancer
Got a nigga spending all of that paper
Drive me crazy when you're moving your body
Can you break it down just for me

Sexy dancer
Got a nigga spending all of that paper
Drive me crazy when you're moving your body
Can ya break it down just for me

Break it down down down
Baby, when you break it down down down

[jazzie pha]
Jazzie pha, come on, real jazz pha
Fell off in the vip, four deep in a benz
Big 20" rims, pile of gin, bubblin'
Pocket full of big faces, hundred dolla' bills
Fifty dolla' bills, and twenty dolla' bills
Riding with some balla's coming down off the real
The girls in the club keep it quiet
You know the deal
They way you work the pull baby, you got me hot
'cause you really lookin' like you give it all that you got
Make that ass spread like some grey poupon
Whatever you on and can I get a coochie coupon
See me and my nigga's, we been sippin' on double
shots
Baileys, and hennessey baby, on the rocks
Don't' stop
Shake it baby, keep it hot
Don't quit
'cause you banging like a platinum hit
Shake that ass with jazzy get down
Enter the bar, turn into the heater, play up another
round
Get down

Sexy dancer
Got a nigga spending all of that paper

Drive me crazy when you're moving your body
Can you break it down just for me

Sexy dancer
Got a nigga spending all of that paper
Drive me crazy when you're moving your body
Can ya break it down just for me

Sexy dancer
Got a nigga spending all of that paper
Drive me crazy when you're moving your body
Can you break it down just for me
