When I feel I'm dying  
When I feel I'm drowning  
The whole world is swirling

I've got to escape from here  
Insanity surrounds me  
I need to seek refuge

Love sets my soul on fire and I burn  
When I breathe music  
The love is the flame of purgatory

I can't wait for its touch and temptation  
With wasted desire I wish to hear the song  
Everything passes away: loves, luscious dreams  
But my soul revives when I hear  
The sound of the guitar

When I'm not singing  
I live like a shadow  
And the moon laughs at me

When I'm walking the streets  
Or dreaming of a better place  
My soul just keeps singing as well

I can't wait for its touch and temptation  
With wasted desire I wish to hear the song  
Everything passes away: loves, luscious dreams  
But my soul revives when I hear  
The sound of the guitar

This love sets my soul on fire and I burn  
When I breathe the music  
I'm alive

I can't wait for its touch and temptation  
With wasted desire I wish to hear the song  
Everything passes away: loves, luscious dreams  
But my soul revives when I hear  
The sound of the guitar
