(The realization)

I feel as the blue planet's sniffing me,  
While the gravitation and the fate interweave  
Their huge figure raises me up to the stars,  
Where a gate has been built as bound.

I enter into the deuse stratosphere,  
The Earth picks me up to her palms,  
We're descending slowly toward the surface,  
My body becomes the slave of the planet again.

I close my eyes, I'm rapt in thoughts,  
Set my soul free, set out once more,  
I let my body be chained up,  
Let myself dance in the sphares now.

Faces of friends... Helpful hands... Redemption...

We set out on the endless sandsea,  
Right now among friends,  
We're sailing wearily, but in safe on the boat,  
On the boat, that's taking us to a common destination.

(The atonement)

The key of life is here,  
Led by the fate,  
We can be powerful only here,

Rising up to the sky...
