sittin at home everynite thinkin of u
ive bin searchin oh so long
and ive found all i need in u
shud i dare to cross that border
do u want to take this further
will u turn me away
or will u make this a special day

all i do is

all i ever do my boo
is lay at home and dream of u, its true
i wanna no, baby
wats on ur mind

all i ever do my boo
is lay at home and dream of u, its true
i wanna no, baby
wats on ur mind

see weve bin workin 2gether now, for over a year
and 24 7 365 ive bin tryin 2 get my feelings clear
do i wanna just work with u each day
or do i want this work 2 change to play
and when i decide
will u feel the same?

i wanna no, baby
wats on ur mind

ur every wish is my command
and if that love i find is true

my every wish is to be with u
every dream is to be with u
every prayer is to be with u
2 be with u

every wish is to be with u
every dream is to be with u
every prayer is to be with u
2 be with u

all i ever do my boo
