Open her eyes
Cause her to fall in love with me
Help me to speak
Bless me with words that she will feel
Oh let it rain
Droplets of sunshine in her life
Give her the world
But let it be me she longs to hold

Bridge

I cant wait
I wont wait
Cause tommorows too late
And I need her right now in my life!

Chorus

All that im praying for is my love finds her like a lullaby
Finds her in the night
And sings her to sleep
All that im hoping for is my love finds her like a lullaby
And sings her to sleep
She'll wake with me

Verse 2

Rewind the days
To when she first layed eyes on me
Ignite the fire
Let it burn uncontrollably
Oh im in love
Ive never felt this way before
Make her feel the same
And I will ask of you no more

Bridge

I cant wait
I wont wait
Cause tommorows too late
And I need her right now in my life

Chorus,

Middle 8

This is my prayer
I've no shame to declare that I'm praying for you
Laid down a love song
Made up a melody
Oh let this lullaby
Cry out and catch you!

Chorus'

I'll wake with you x2
