She will never be invincible  
She will never be some Florence Nightingale  
Her thresholds invisible  
But she'll hang on like hell

Yeah, she may be transparent  
She's got no defenses to speak of  
But she'll stand here before you with no pride or  
prejudice  
Just steadfast and certain that she'll land on her own  
two feet

You'll, you'll think you can break her  
'Cause you, you think that she's crazy and weak  
But her power will defy you when she wears her heart  
on her sleeve  
Heart on her sleeve

She will never learn your tranquility  
She will never learn how to let things slide off her  
Joy over whelm her and her sorrow won't subside

Yeah, she still may be transparent  
She got no, she's got no defenses to speak of  
But she will stand here before you with no pride or  
prejudice  
Just steadfast and certain that she'll land on her own  
two feet

You think you can break her  
'Cause you think that she's crazy and weak  
But her power will defy you when she wears her heart  
on her sleeve

Oh you, you may condemn me  
With your, your bitter words and untouchable rage  
Yeah you, you may torment me  
'Cause I don't lead my life in your way  
But I will stand here before you with no pride or  
prejudice  
Just steadfast and certain that I will land on my own two  
feet

You, you think you can break me  
Bring my, my head down to my knees  
But my power will defy you when my heart's on my  
sleeve
