The phone, we wake up  
We're friends for a time, friends for a time  
I will be so glad to call you mine  
So glad to call you mine

The valley we love  
We laughed a thousand times  
We died a thousand times  
Ask you to give with all of your time, with all of your  
time

Come on, I killed you anyway  
You remind me  
Come on, face the gun  
Of someone I used to know

Come on, I killed you anyway  
You remind me  
Come on, face the gun  
Of someone I used to know

[Incomprehensible]

A moment we die  
Our souls will re-align, a murder so divine  
We'll heaven hell  
Everything is fine, everything is fine

Come on, I killed you anyway  
You remind me  
Come on, face the gun  
Of someone I used to know

Come on, I killed you anyway  
You remind me  
Come on, face the gun  
Of someone I used to know

[Incomprehensible]

Come on, I killed you anyway  
Of someone I used to know

Come on, face the gun  
You remind me

Come on, I killed you anyway  
Of someone I used to know  
Come on, face the gun  
You remind me
