"No"

No dope no sex no crime
No violence no slice no flag
No lies no truth no story
Not you not me
I didn't see
No one is a machine
But I don't wanna crack

No gun no cop no pig
No TV No radiation
No means no life no death
No limit nothing
No gun no cop no pig
No TV No radiation
No means no life no death
No cats no dogs
No meat no frog
No for an answer no not at all
But I don't wanna crack

I've made the rules of this new game
And I don't want to lose the face
No alternative's the way I choose
And if I say yes I lose

Sometimes it's hard to be straight.
