build relationship on fear,
it's like wolves around a bear,
if just the strongest will survive,
this relationship's made of ice.
coming like a common line,
fists are clenched and ready to fly,
sitting down to talk it out,
it's not my style i'm here to shout.
so come on push me,
push me now,
come on give me now,
what i need from you,
is a threat,
it's a threat i need,
to start the game,
let it loose,
it's a threat,
that i need from you,
to start the game and let it loose.
build relationship on fear,
it's like wolves around a bear,
if just the strongest will survive,
this relationship's made of ice.
so come on push me,
push me now,
come on give me now,
what i need from you,
is a threat,
it's a threat i need,
to start the game,
let it loose,
it's a threat,
that i need from you,
to start the game and let it loose.
come on push me,
come on push me now.
