It was not violent and it was for the cause
Taking a trip was less than this song
After song the heat was rising up
And everybody was getting wet
Diving in the pit moshing in the pit diving
In the ...

We grew up and it was getting harder
Moving and jumping all the time
Twenty years of beer and punk could have
Cut more than one purple spike
Fortunately there were vitamins, dear adrenalin

Just another bass loop
Another guitar trick

And everybody was getting wet
Diving in the pit moshing in the pit with

Just another bass loop
Another guitar trick
A stop and go
Pedal to the metal

Thinking of the time...

I heard him say
Man it's too fucking slow
And how could people listen to

I heard him say
Man it's too fucking slow
And how could people listen to

Just another bass loop
Another guitar trick
A stop and go
Pedal to the metal
