The night begins  
In early moments  
No easy moments  
The three of us are sitting up till dawn  
There are no outskirts  
To New York City

If i'm leaving  
Leave me gone  
I only ask you 'cos time won't tell you to  
Leave me gone  
I only ask you when time tells you to stop

Stop, the daylight  
Coming past the ending  
Like a mixture of everyone in the world  
We're all watching a film  
Shown on gravestones  
Of us leaving

And the journeys start  
Only as the journeys end  
And finished it remains  
And finished it remains

Leave me gone  
I won't ask you if time won't tell you  
To leave me gone  
I won't ask you if time won't tell you  
To leave me gone
