All I can hear is another year pass me by.  
They pass me by.  
They pass underneath you know there's nothing to see  
here, except ten bridges.  
They pass underneath you know there's nothing to see  
here, except ten bridges.  
Coz when you're winning you're charming,  
You're winning you're charming,  
When you're winning you're charming, it wont...  
You might have noticed that i've fallen down on the  
road,  
It could happen to anyone, I know.  
They pass underneath you know there's nothing to see  
here, except ten bridges.  
They pass underneath you know there's nothing to see  
here, except ten bridges.  
Coz when you're winning you're charming,  
You're winning you're charming,  
When you're winning you're charming, it wont...  
You're winning you're charming,  
Coz when you're winning you're charming,  
When you're winning you're charming,  
Coz when you're winning you're charming,  
When you're winning you're charming,  
When you're winning you're charming,  
When you're winning you're charming,  
When you're winning you're charming,  
When you're winning you're charming.  
Ohhh!
