First and foremost you've been the ultimate friend
But you know that's not a passport to me
It's seems secondary to the official reasons I have
But you know they're not right
They're not supposed to be right
Such a royal misfit
You demand the highest respect
Such a royal misfit
Your demands should be higher
It wasn't weird it wasn't nothing
Curious at all but nothing so high
It wasn't weird it wasn't nothing
It wasn't nothing
Moments follow one another without belonging
Moments follow one another without belonging
Moments follow one another without belonging
Moments follow one another without belonging
First and foremost what you know isn't everything you
are
Or everything you know it to be
It seems secondary that the real real reason I have
When you know it's not right
It's not supposed to be right
Such a royal misfit
You demand the highest respect
Such a royal misfit
Your demands should be higher
It wasn't weird it wasn't nothing
Curious at all but nothing so high
It wasn't weird it wasn't nothing
Curious at all but nothing so high
It wasn't weird it wasn't nothing
Curious at all but nothing so high
It wasn't weird it wasn't nothing
It wasn't nothing
Moments follow one another without belonging
Moments follow one another without belonging
Moments follow one another without belonging
Moments follow one another without belonging
Everything you are won't last longer
Everything you are won't last longer

Won't last longer
Won't last longer
