My name is silence
I live within
One taste of violence
One taste of skin

It could be none
It could be none other
It could be none
It could be none other

Im alive and I'm doing just fine
I'll admit, I was losing my mind
I'm alive and I'm doing just fine
As for you,
You're the one standing naked this time

My name is violence
I live in sin
I feed off the innocence of my own kin

It could be none
It could be none other
It could be none
It could be none other

Im alive and I'm doing just fine

I'll admit, I was losing my mind
I'm alive and I'm doing just fine
As for you,
You're the one standing naked this time

You're so sorry now
You're world's upside down
You're so sorry now
So sorry

My name is silence
I live within
One taste of violence
One taste of skin

I'm alive and I'm doing just fine
I'll admit, I was losing my mind
I'm alive and I'm doing just fine
I'll admit, I was losing my mind
I'm alive and I'm doing just fine
As for you,
You're the one standing naked this time
