Okay  
I'll wait  
Disappear  
You disappear  
Scratched the surface of love  
Too late  
Self destruction awaits  
Every time  
Every time I believe in you

That's what I thought  
You'd let me fall  
All the way  
While the good life takes you away  
Takes you away

Today  
First to feel, first to say  
Realize  
I realize  
You were bleeding me

That's what I thought

You'd let me fall  
All the way  
While the good life takes you away  
Takes you away

If only  
You could see  
The soul bleeds  
Into faint memories  
Faint memories

That's what I thought  
You'd let me fall  
All the way  
While the good life takes you away  
Takes you away  
Takes you away  
Takes you away

Takes you away
