What do you say if you've taken me over?  
You say you're taking me over  
You say you're taking me over  
But I don't wanna be illicit

We try to calm down  
We seem to end in nosedive  
We try to calm down  
We seem to end in nosedive

One on one, you've taken me over  
You say you're taking me over (you say)  
You say you're taking me over  
But I don't wanna be illicit

You say  
Wave goodbye (you say)  
Hey hey hey hey

One on one, you've taken me over  
You say you're taking me over  
You say you're taking me over  
But I don't wanna be illicit

We try to calm down  
We seem to end in nosedive  
We try to calm down  
We seem to end in nosedive

You say you're taking me over  
You say you're taking me over  
You say you're taking me over  
But I don't wanna be illicit

You say  
I said wave goodbye (you say)
