See you get older every year  
But you don't change  
Or I don't notice you changing  
I think about it every day  
But only for a little while  
And then a feeling

I'll never know which way to flow  
Set a course that I don't know  
I'll never know which way to flow  
Set a course that I don't know

The wind's blowing in my face  
Lately found it hard to keep the pace  
And I'm looking for a place to grow  
But only for a little while  
And then the feeling

I'll never know which way to flow  
Set a course that I don't know  
I'll never know which way to flow  
Set a course that I don't know
