You blame no one there
There's no one to blame
Now only your name remains
You're not a ghost, you're just a girl who lost
hope
And certain words spoken convince you to call

Just give me one more chance
One more chance to claim
Why people don't feel the same

I need one more chance
One more chance to explain
Why there's no such thing
As a claim to fame

So hold your breath until it feels like it's left you
Eternity feels like it's leaving me to be
Haunted by any age that I choose
In a faded cord coat and faded shoes

Just give me one more chance
One more chance to claim
Why people don't feel the same

I need one more chance
One more chance to explain
Why there's no such thing
As a claim to fame

There's just chances
We've lost those chances
And no one will take the blame

Wondering, wondering along the road
Wondering, wondering along the road

Give me one more chance
One more chance to claim
Why people don't feel the same

I need one more chance
One more chance to explain

Why there's no such thing
As a claim to fame, to fame
And no one will take the blame
