Makkurana suteji de awai reito wa bi
Ima watashi utaidasu
Hoshi no melody mo
Hitori hitori no mune
Hoshi akari wo
Tomosu youni

On the pitch-black stage, in a beautiful ray of light
I now sing
The star melody
Alone, alone in my heart
The starlight
Lights the way

Arukитай
Kono michi wo
Kokoro no mama ni
Shinjiteru
So yume wa
Itsuka kanau to
Uta uta me umareta no ne
Kitto

I walk down
My own road
And follow my heart
I believe
That my dreams
Will someday come true
I'll sing and sing of their birth
Surely...

Ima wa mada sasayakana
Awai hikari de mo
Omoi komu kurikaesu
Hoshi no merodi ni
Itsuka kotaeru you
Hohoemitachi hirogaru wa

Now, I'm still modest
However, the pale light

Keeps convincing me that
The star melody
Will someday respond to me
And spread my smile all over

Arukитай atatakai
Hakushu donna kao
Uta uta me ikite iku no
Zutto

I am walking
From the applauding faces
I'll sing and sing of my life
Always...

Arukитай
Kono michi wo
Kokoro no mama ni
Shinjiteru
So yume wa
Itsuka kanau to
Uta uta me umareta no ne
Kitto
Kono hoshi ni

I walk down
My own road
And follow my heart
I believe
That my dreams
Will someday come true
I'll sing and sing of their birth
Surely
From this star...
