

Idlewild "House Alone"

Visit "[House Alone](#)" on MotoLyrics.com

House alone, house alone
House alone, house alone
House alone, house alone

I'm in the house alone at night
But I don't want to go to bed now
I don't want to go to bed now
I don't want to go to bed

Don't make me go to bed now
Don't make me go to bed now
Go to bed, go to bed

House alone, house alone
House alone, house alone hey, hey
House alone, house alone

I'm in the house alone at night
But I don't want to go to bed now
I don't want to go to bed now
I don't want to go to bed

Don't make me go to bed now
Don't make me go to bed now
Go to bed, go to bed, go to bed
Go to bed
