I've been lookin' for a lover  
But I haven't met her yet  
And she'll be nothing like  
I picture her to be

In her eyes I will discover  
Another reason why I want to live  
And make the best of what I see

Where the sun hits the water  
And the mountains meet the sand  
There's a beach that I walk along sometimes

Maybe there I'll need her  
And we'll start to say hello  
And stop to think of any other time

I'm lookin' for a love that's right for me  
And I don't know how long it's gonna be  
But I hope I'll treat her kind  
And I don't mess with her mind  
When she starts to see the darker side of me

I've been lookin' for a lover  
But I haven't met her yet  
And she'll be nothing like  
I picture her to be

In her eyes I will discover  
Another reason why I want to live  
And make the best of what I see

I'm lookin' for a love that's right for me  
And I don't know how long it's gonna be  
But I hope I'll treat her kind  
And I don't mess with her mind  
When she starts to see the darker side of me
