The common mistake is to forget
And concentrate on your never thought
The common mistake is to forget
I've remembered the part in your book

So I know exactly what is going on
Exactly what is going on
I don't think I know
Exactly what is going on
I think I know too much for myself

You're safe and sound
Until you hit the ground
You know it's a long way down

You're safe and sound
Until you hit the ground
You know it's a long way down

The common mistake is to forget
I always forget, I forgot to remember
It's my common mistake

Exactly what is going on
Exactly what is going on
I don't think I know

You're safe and sound
Until you hit the ground
You know it's a long way down

You're safe and sound
Until you hit the ground
You know it's a long way down
You know it's a long way down

You're safe and sound
Until you hit the ground
You know it's a long way down

You're safe and sound
Until you hit the ground

You know it's a long way down
You know it's a long way down

I guess it's a long way down
I know it's a long way, it's a long way
