As a stranger, is it strange to be thinking?  
half-expecting that moments don't come true  
I'll have to stay awhile to promise that i'll stay  
And use my memory to remember a time  
Just drink your wine and tell the truth  
I'll have to stay awhile to promise that i'll stay

And wait for happiness  
Which doesn't seem as pointless  
If I'm given a reason  
So give me another reason why we're..

Together we're younger than you are  
Forever but older than we are together  
There's still so much to do

And everything is always changing  
And nothing stays in the same place for too long  
I've been too long awake  
And everyone seems like they're slowly changing  
No one stays in the same place for too long  
I've been too long awake

Together we're younger than you are  
Forever but older than we are together  
There's still so much to do
